Far away in outer space, there is an alien flying a spaceship.

The alien heard stories about a planet called Earth and the many animals that live there.

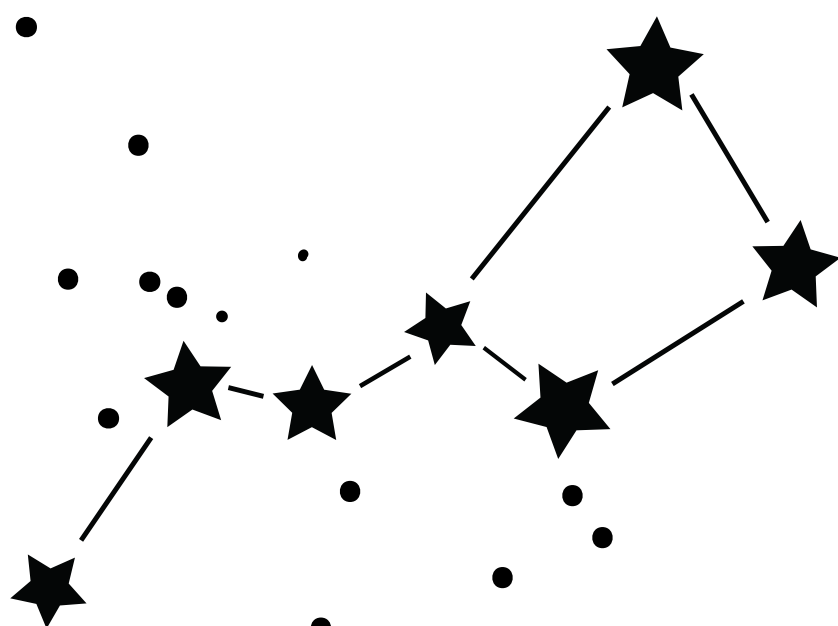

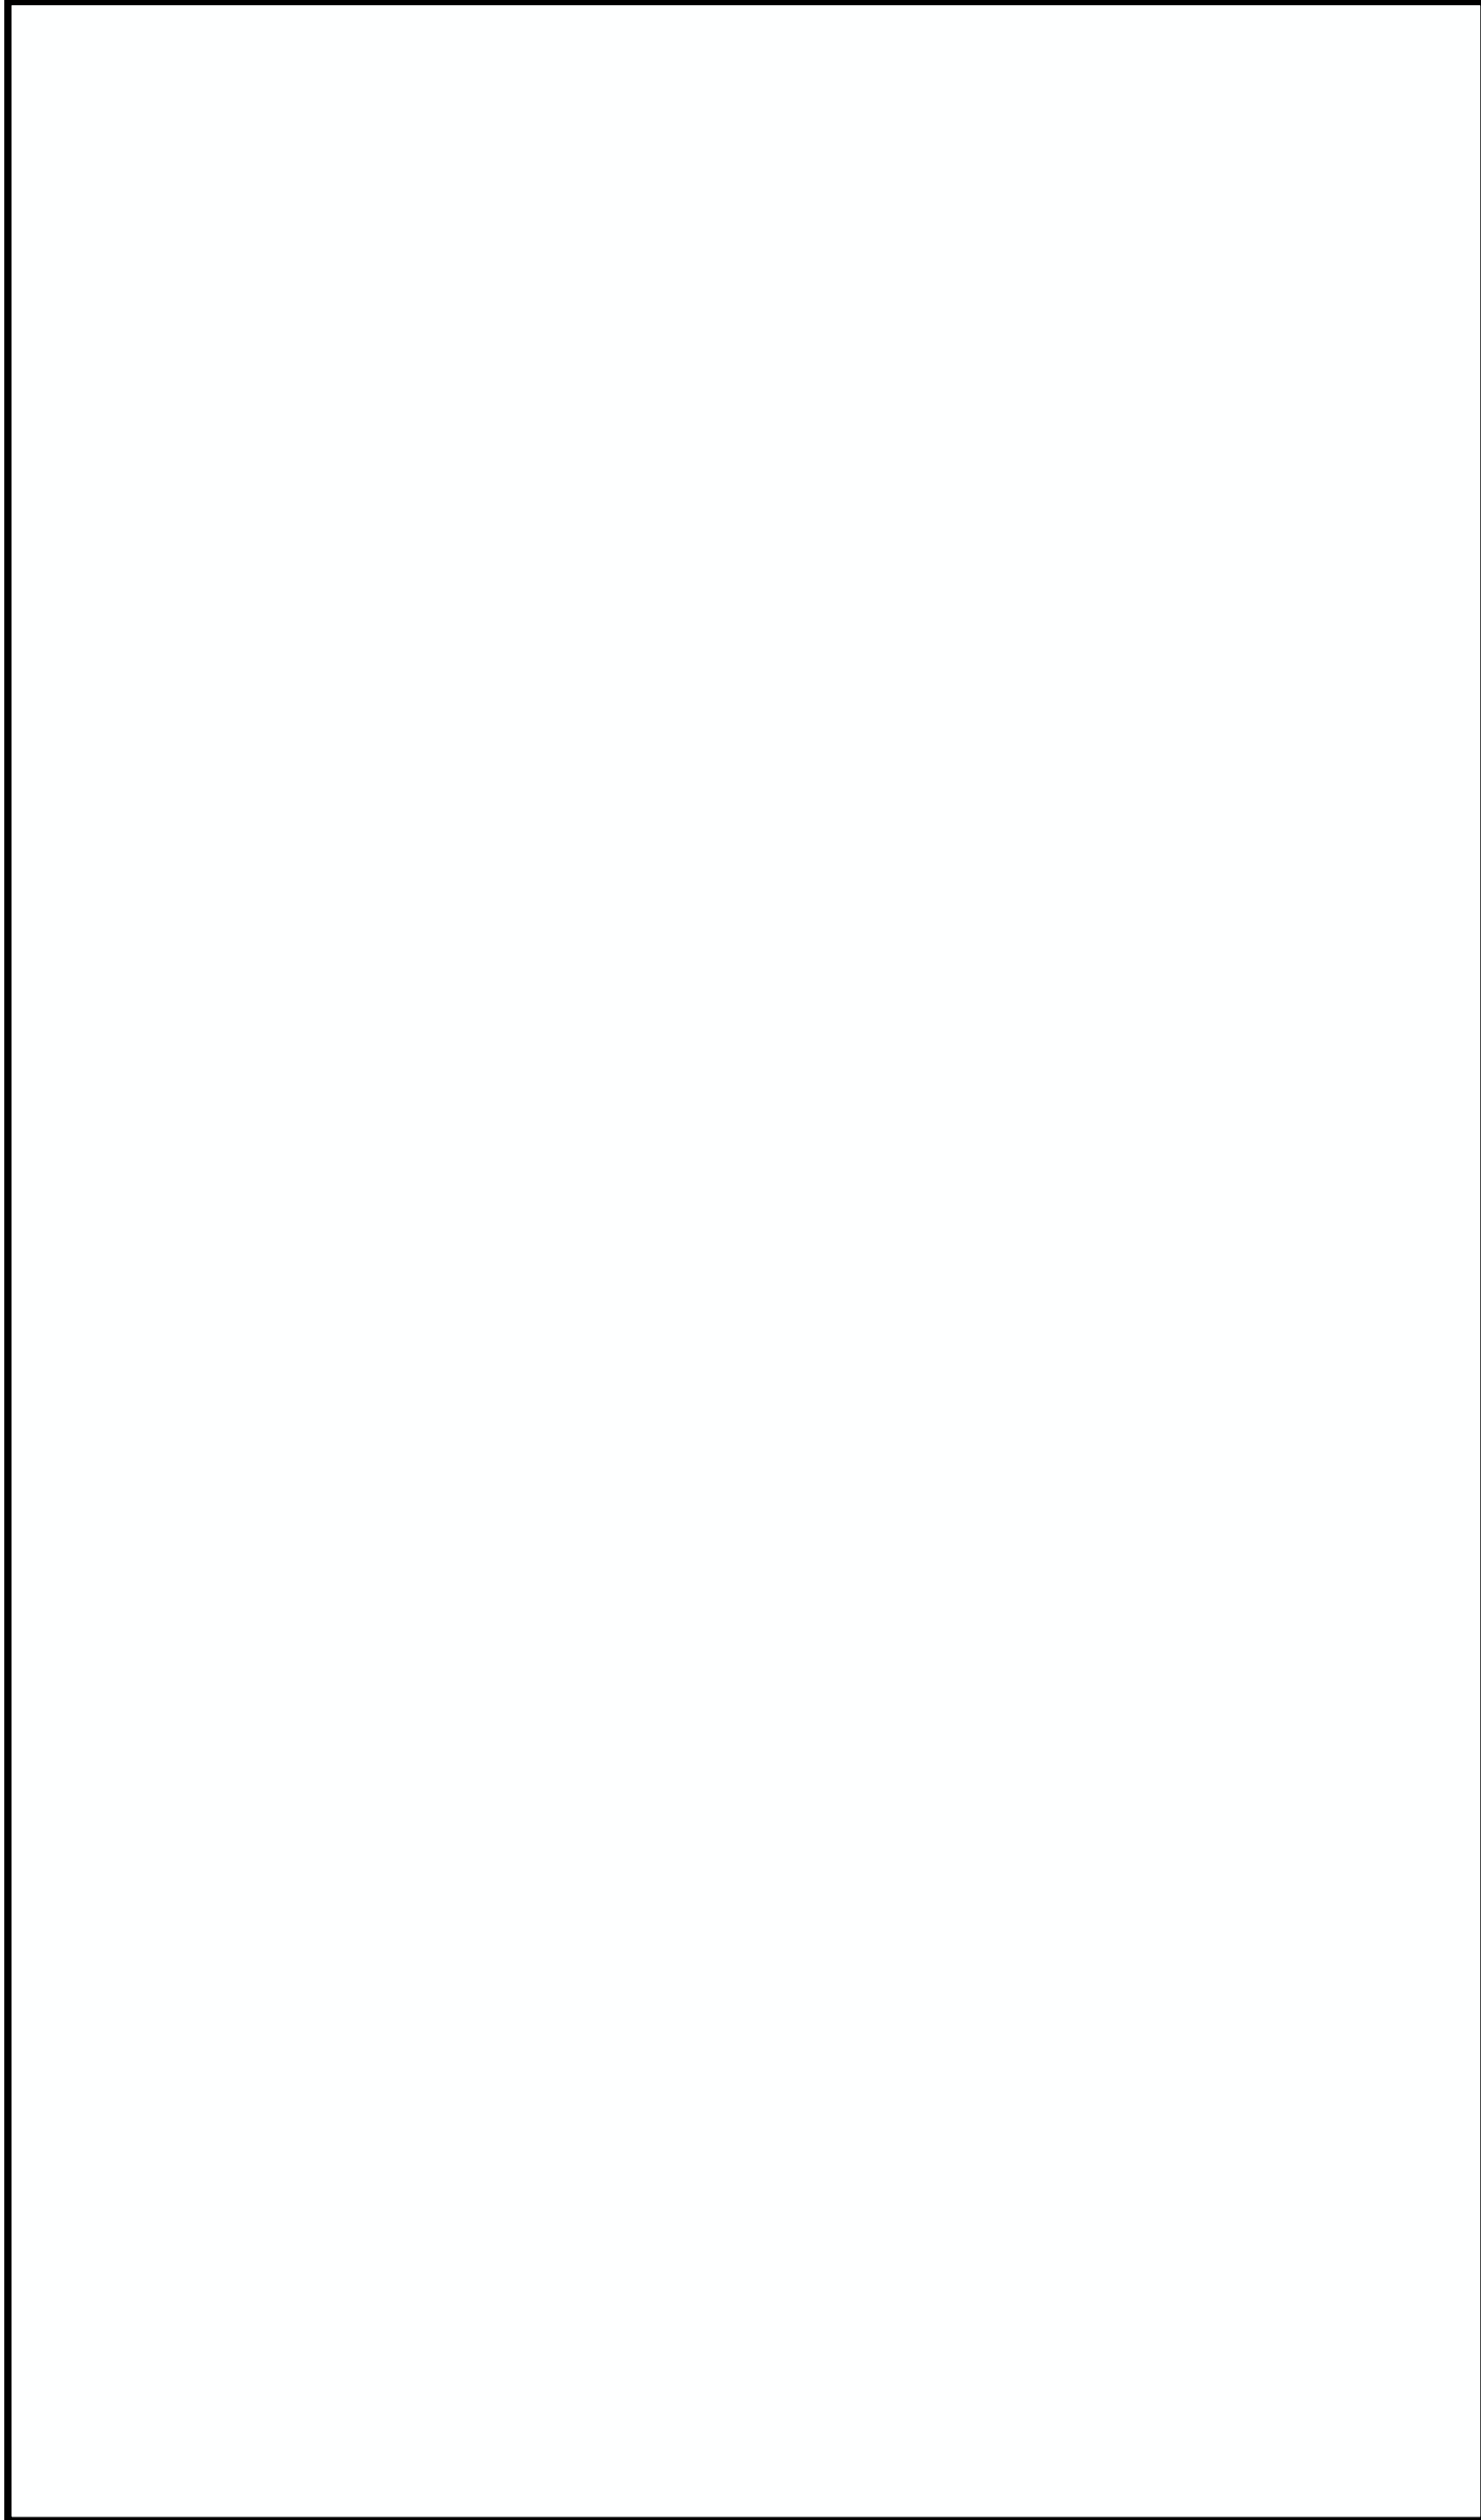

The alien could not believe it! On Earth, there are animals everywhere – in the sky, on the ground and even in the water!

The alien loves animals and wants to travel to Earth to visit them. Will you join the alien on this adventure?

What does the alien look like?

Draw a picture:

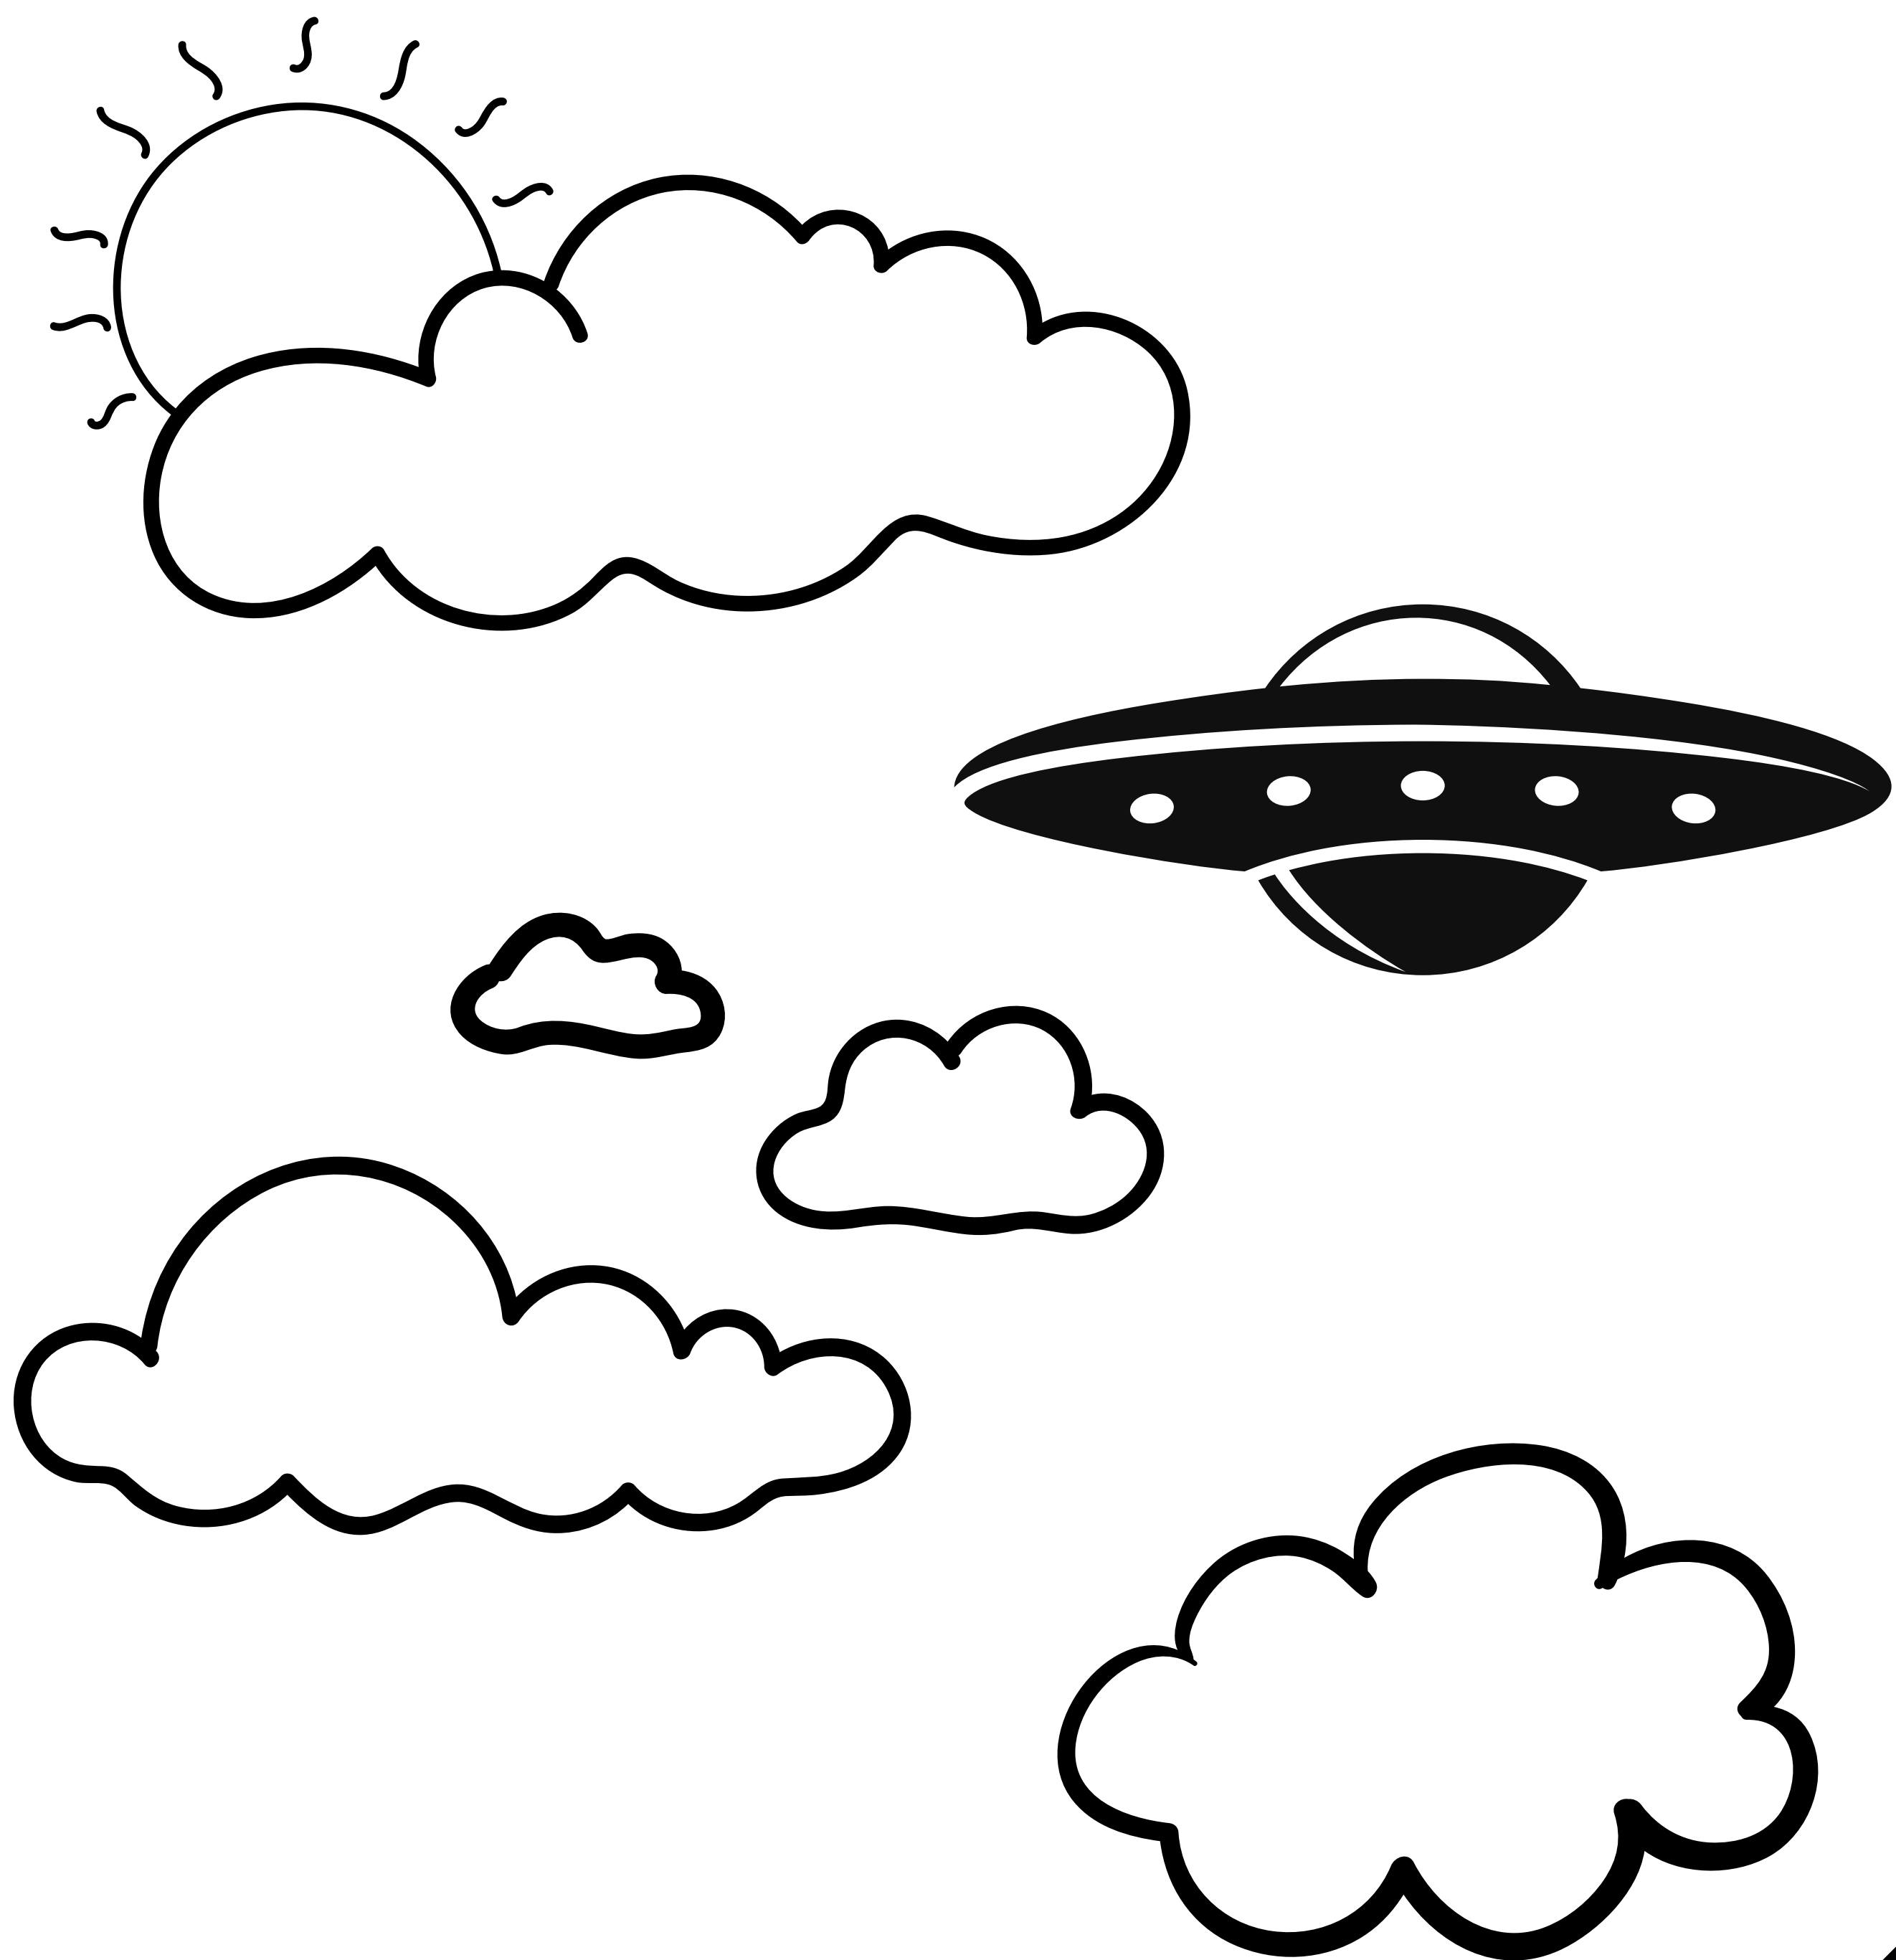

Get ready to travel to Earth!

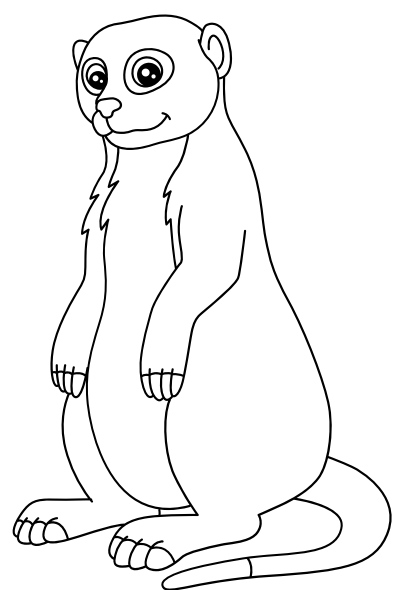

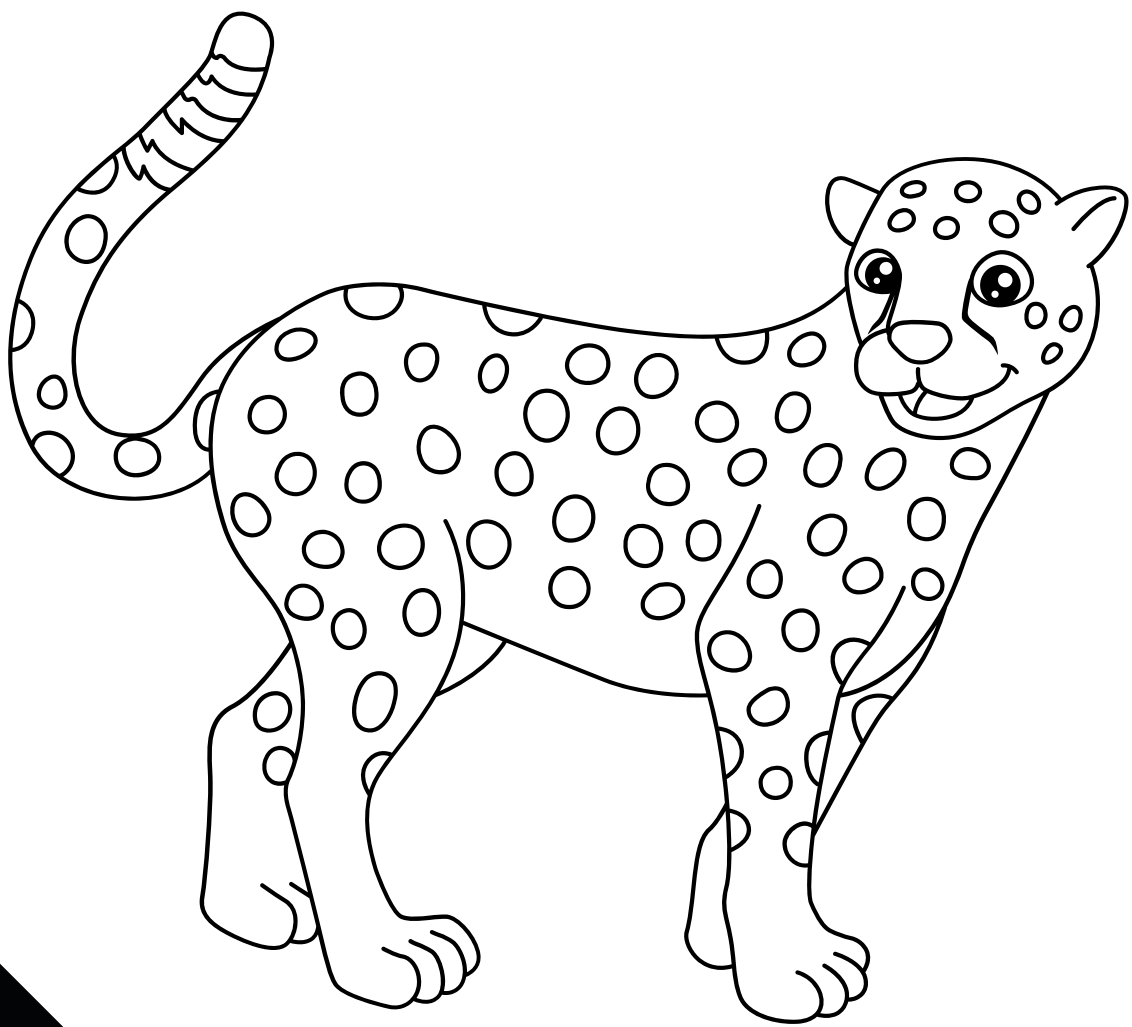

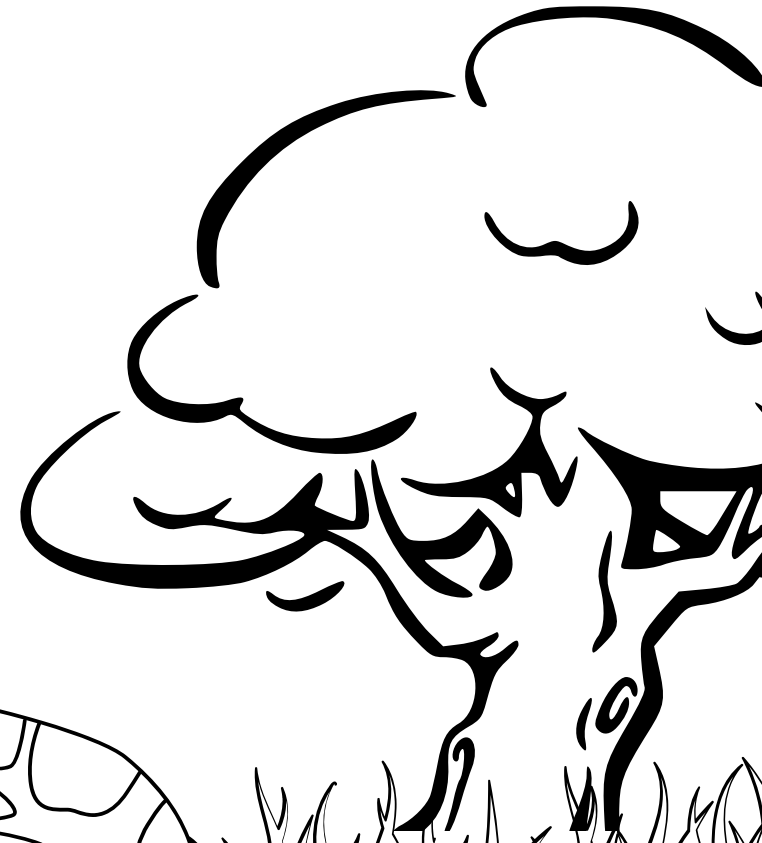

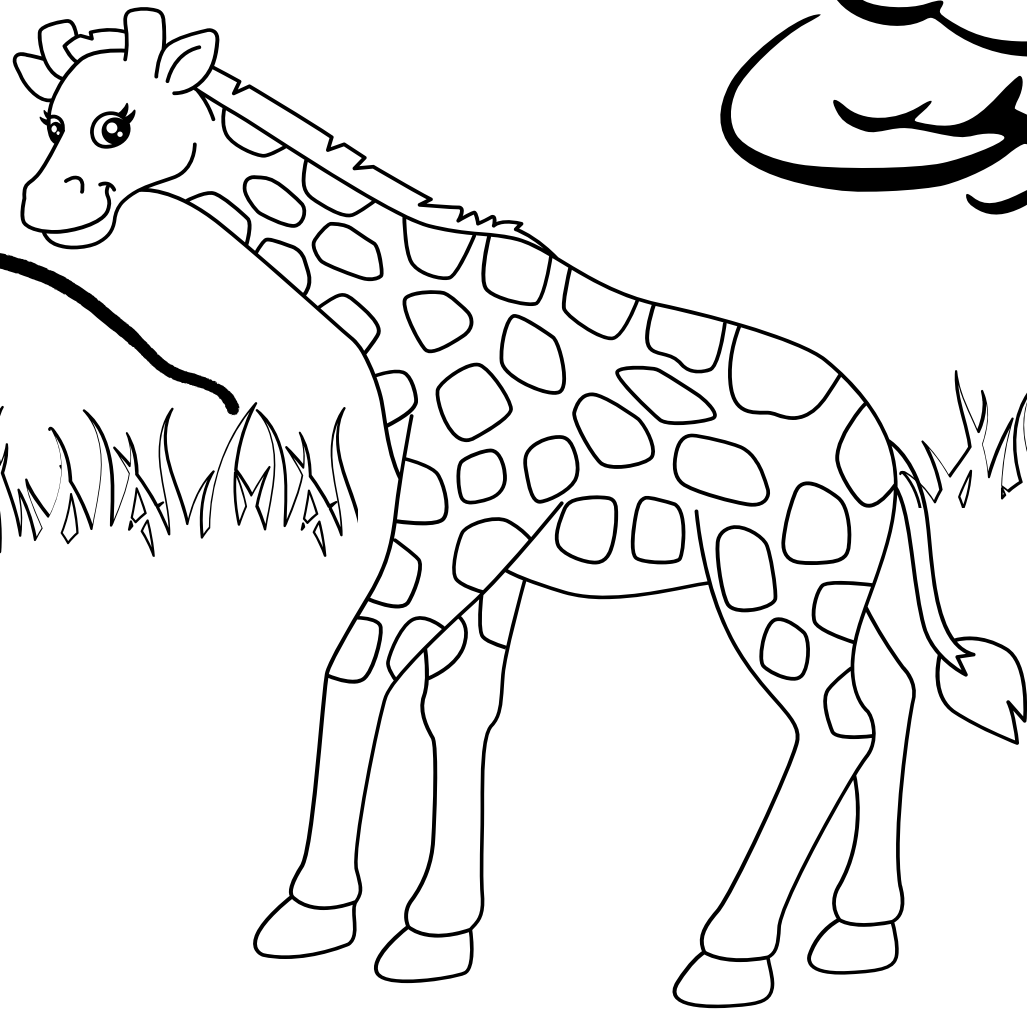

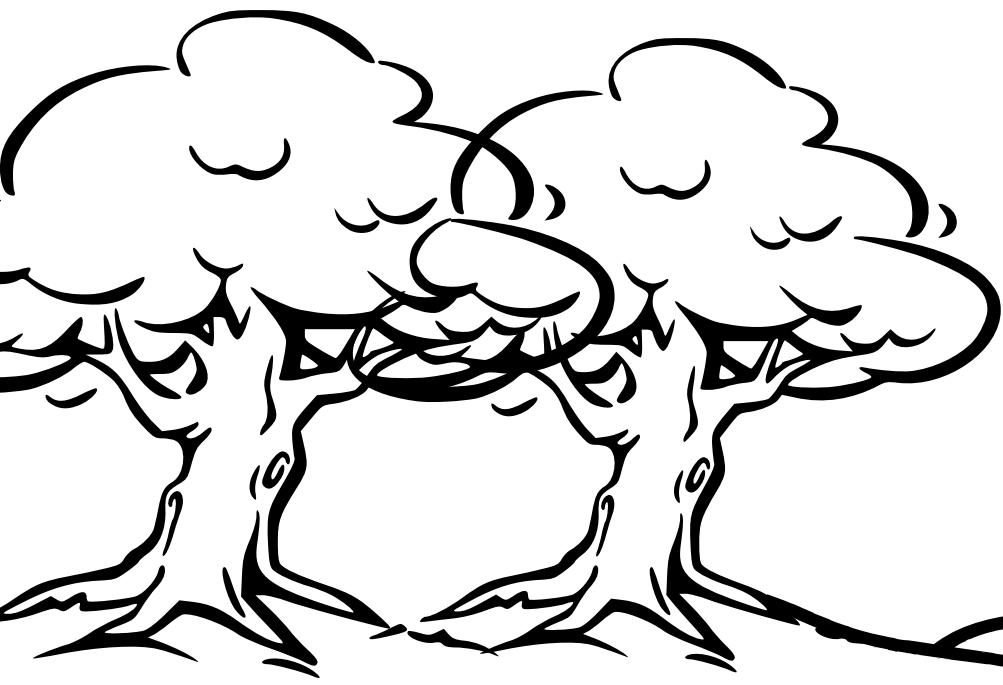

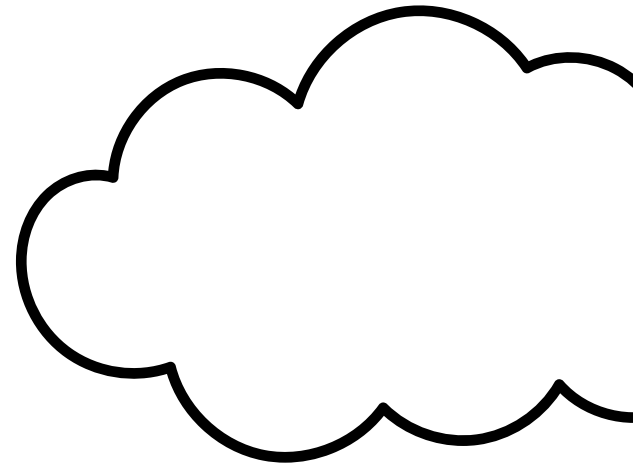

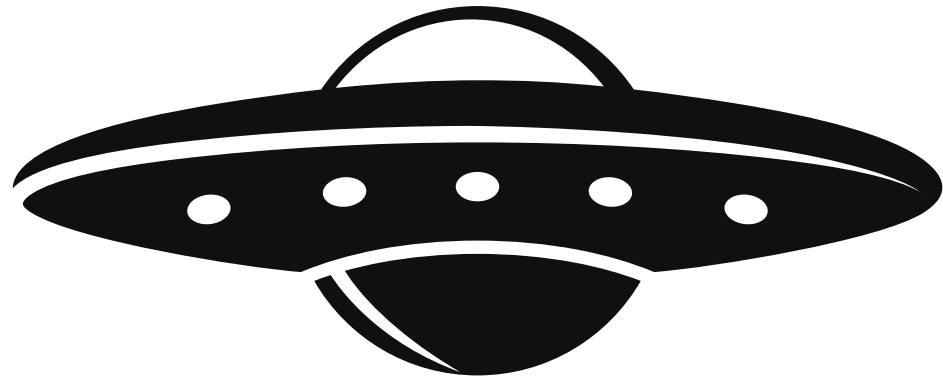

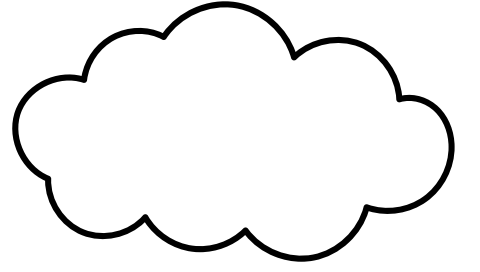

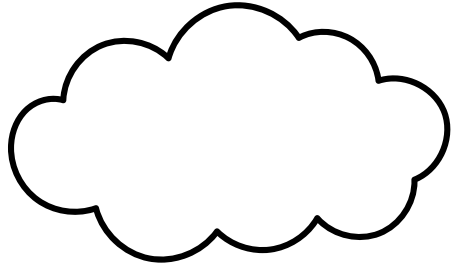

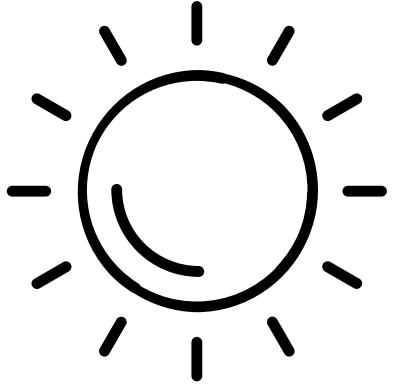

The spaceship is flying through Earth's sky.

Where will it land?

Savannah

Who lives in the savannah?

There are many different animals that live in the savannah.

There are strong lions.

There are big elephants.

There are fast cheetahs.

There are tall giraffes.

There are green crocodiles.

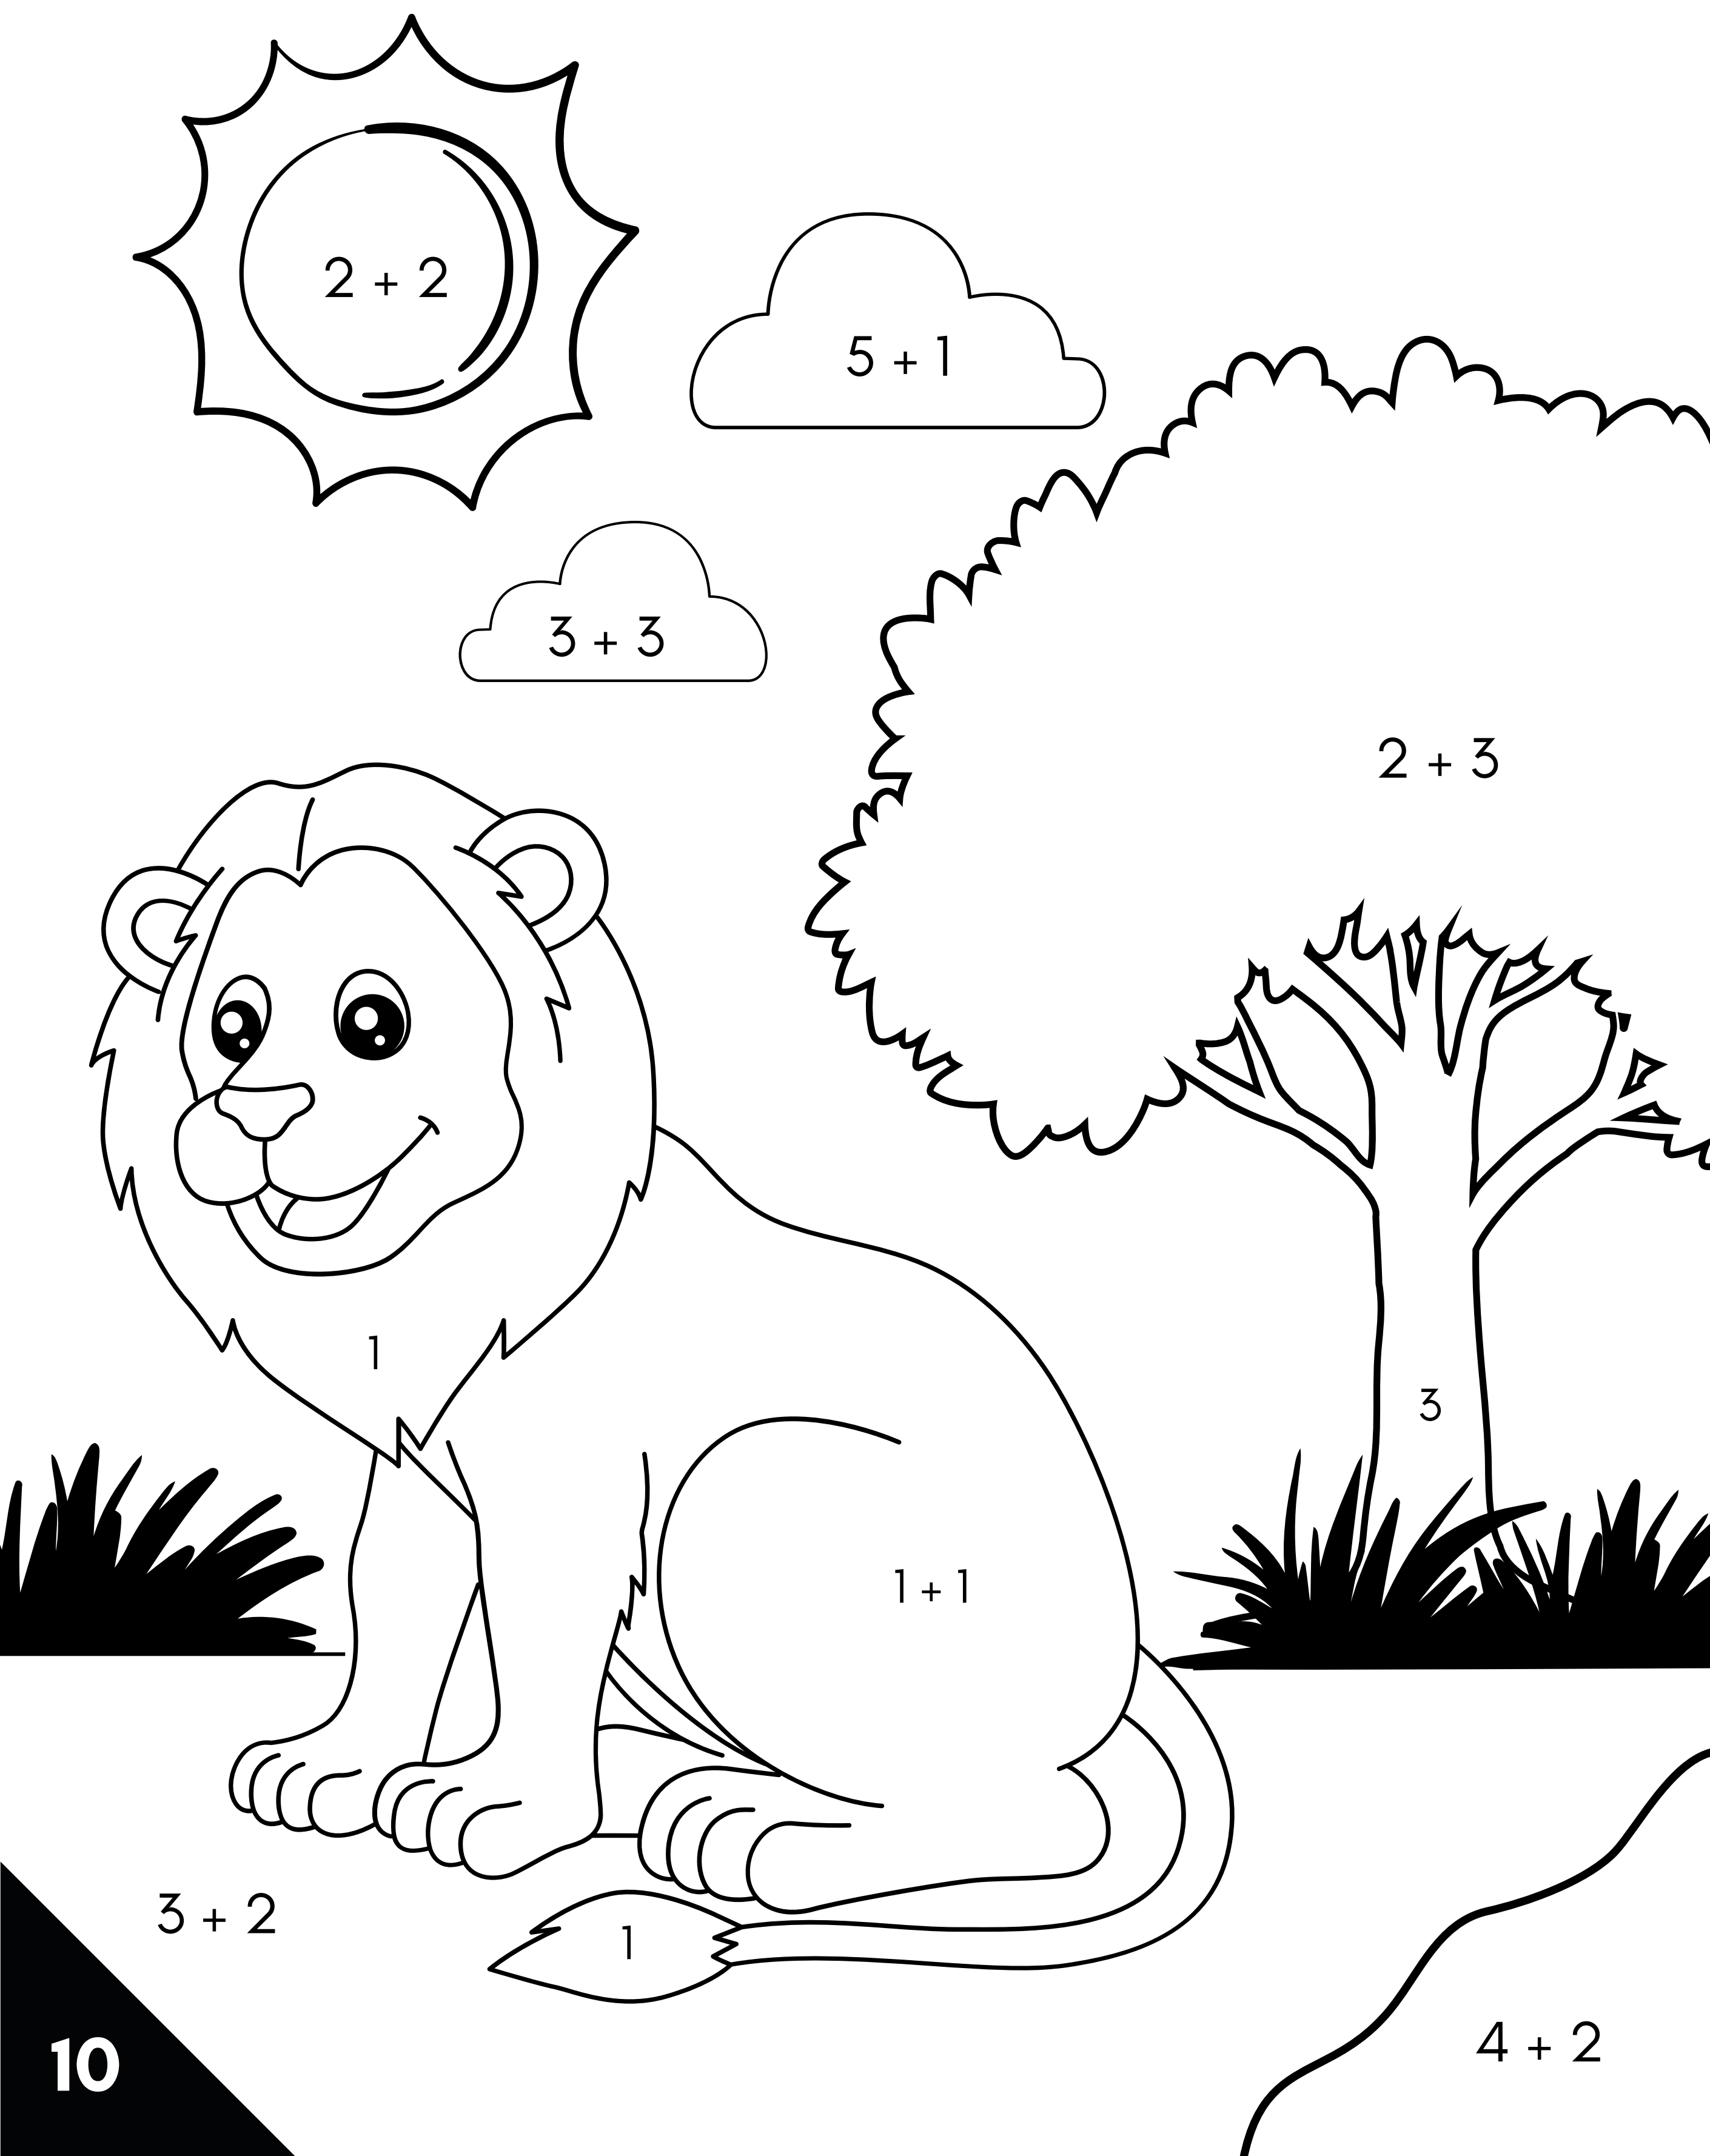

There are funny monkeys.

What other animals live in the savannah?

Colour by number.
